Tasting Notes – Become infatuated with the honey, golden apricots and floral aromas of The First Date. The textures and flavors of this wine take you in many directions, from silky honeysuckle with just a dash of apricots, to peaches and bees wax, almonds, and exotic spices.

Pair With – Pair with simpler food such as smoked duck, roasted chicken, or other poultry. Green or white asparagus in a hollandaise sauce, truffles. Grilled fish or scallops, spicy Chinese. Drink now to 7 years.

“You never know unless you go on that first date.” – Jeff Cohn
